Brendan R. Boddie

U.S. DISTRICT COURT-WVND  
CLARKSBURG, WV 26301

As Requested per Andrew Cogar

and for the consideration of  
Honorable Judge Kleeck.

Enclosed is remedy ID 1011984-F2  
as proof of fulfilling the requirements  
of the process within the BOP

See as such, Remedy ID is in fact an  
appeal to original compassionate  
release request a month prior, as being  
incarcerated and on a nationwide lockdown  
it is difficult to obtain exact information  
but the BOP should have the information  
logged if requested by counsel.

-Also included is further information  
and rationale for the Honorable  
Judge Kleeck to consider in my case for  
compassionate release.

As Reference points when regarding  
the exhaustion of BOP remedy process.  
The BOP is bias in regards of dealing  
with granting release. They have so  
far denied 3582 requests with  
a clear conflict of interest.
